"...playful original songs that mix mind-bending wordplay with jazz, shimmering rock, and horn-fuelled R & B."

-John Donohue, New Yorker

"He's a true New England eccentric, a master of daft power pop, and live, he plays in his pajamas..."

-Rob Tannenbaum, Village Voice

"What Frank Sinatra is to New York City, what Bruce Springsteen is to New Jersey, what Elvis Presley is to Memphis, Chandler Travis is to Cape Cod."

**-Daniel McDermott,
Provincetown Magazine**
